***Project title: Reinsurance of the Airport Liability Insurance of the CLARK INTERNATIONAL AIRPORT CORPORATION***

**Bid Bulletin No. 3**  
August 08, 2017

This bid bulletin is issued to amend, modify and clarify items in the Bidding Documents of the “Reinsurance of the Airport Liability Insurance of the CLARK INTERNATIONAL AIRPORT CORPORATION”. This shall form an integral part of the Bidding Documents.

**I. Bidders’ Queries**

<b>Bidder’s Query</b>	<b>Response</b>
We note that the Claims Control Clause has been deleted, but there was no mention of the Reinsurance Underwriting and Claims Control Clause, which would also be subject to IC Circular 2016-08. May we clarify what will be done about the Reinsurance Underwriting and Claims Control Clause?	With the deletion of the Claims Control Clause, Reinsurance Underwriting and Claims Control Clause is likewise deleted.
We would like to seek further clarification on the aircraft movement:  As of June 2017: - average 34 flights per day (18 international, 16 domestic) - 5,656 flights (5,377 scheduled airline, 279 chartered airline) - 4,632 flights general aviation  Can you confirm that the 4,632 are already part of the 5,656 and not in addition to? (If we use the total, then it would give us an average of 57 flights per day, and not 34.) If so, then may we ask how the 4,632 general aviation is split between scheduled and chartered?	The 4,632 general aviation flights are not part of the 5,656 flights.  For general aviation, CRK registered a total number of 4,632 aircraft movement comprised of the military, private and training flights.
